

DEMAND-LED VINYL SOLUTIONS

FairSound

Services

Be Fair / Be Sound

FairSound services provide demand-led manufacture, D2C & Fulfilment

Choose the services you require and press vinyl on-demand

1. Press vinyls based on pre-orders
2. Fulfil direct from plant to customer
3. Reduce waste & footprint

ONE SUPPLIER WITH EXPERTISE IN EVERY PART OF THE PROCESS

FairSound services is demand-led vinyl, CD and tape manufacture provided to labels. Transform your stock management and footprint by ordering vinyl based on pre-sales, let us take care of everything else.

Our plant will manufacture your product quantities based on a pre-order window of up to 1 month. We fulfil products to customers direct from the plant ensuring the whole process is provided by one supplier in the same time as traditional approaches.

Our fulfilment from plant can bolt onto your existing D2C platform or work with our FairSound store, meaning every new order with us will seamlessly fit into your existing workflows.

No up-front costs

Base vinyl quantities directly on pre-order sales

Reduce costs, carbon footprint & waste

Unique products to engage fans

Re-press older material
